Kohlhammer, 2014. Taschenbuch. Book Condition: Neu. Gebraucht - Wie neu Unbenutzt, unauffällig als Remittende gekennzeichnet, Kartonverpackung, schnelle Lieferung incl. Rechnung. - Recent years have seen enormous progress in academic research at the intersection of neuroscience, psychology and economics. The outcome of this progress is summarized by the introduction of new and transdisciplinary fields like neuroeconomics or decision neuroscience. Their joint aim is to integrate and apply neuroscientific theories, concepts, findings and methods to develop a sound theory of human behaviour. Against this background, the aim of this textbook is to give a detailed overview of the research area of consumer neuroscience. This transdisciplinary field can be viewed as a sub-discipline of neuroeconomics, in which consumer psychologists and business economists are dedicated to investigating consumer research and marketing questions with methodological and conceptual approaches from neuroscience. In addition they aim to add a new theoretical perspective to consumer research. Therefore, the academic research in consumer neuroscience takes place at the nexus of neuroscience, psychology, and marketing. Classical research in consumer behaviour and marketing necessarily looked at the human organism as being a >black boxblack box< of the human organism and provide the basis for the emergent field of consumer neuroscience. On the whole the use of neurobiological methods such as electroencephalography is not entirely new to consumer and marketing research. Nevertheless the direct observation of brain processes through methods such as functional magnetic resonance imaging (fMRI) provides a completely new and different perspective. To get an introduction to the field of consumer neuroscience, the textbook is organized as follows: After the introduction, chapter 2 elucidates major academic cornerstones that led to the emergence of the transdisciplinary field of consumer neuroscience and provides a clear-cut definition of the discipline in the end. Chapter 3 briefly presents basic knowledge about brain physiology and...
