Pages Number: 181 Publisher: China Economic Times Press (formerly the China Audit Publishing House) Pub. Date :2009-1-1. Now, under the pressure of the huge study, problem child appears to be growing number. In the problem under the pressure, there are many children and poor performance status. Some of them became not love learning, they have to study hard to score (or low-scoring) students, and some have very weary, and some have become, and parents do not communicate, and some simply just love online games. Even the children had better grades, they still find themselves with a bunch of annoying problem is not resolved. These parents have already become very familiar with but a headache problem was. In fact, all the problems are to grow up. Children need to grow, parents need to grow. The body needs to grow, psychological need to grow. When parents read this for the problem children how to solve the problem of the book, and when we and the children with communication barriers and break through spiritual growth, you will be pleased to find that problem children did not in fact the problem. The book's unique perspective, using systems thinking, dialectical scientific method, through the wake-up parents and children grow up in life's effort to help problem child and problem parents grow in the interaction. The book describes the right brain left brain + brain + cerebellum, brain + computer more practical method of learning and memory, with clear operational: also raised awareness of the realm, adjustment of status, such as raising the level of philosophy of life, for the confusion The children and parents a useful inspiration. Which also includes a lot of Yao...
