

## What Einstein Told His Cook 2: The Sequel: Further Adventures in Kitchen Science

Filesize: 7.83 MB

### ***Reviews***

*Completely among the finest ebook We have at any time read through. it was actually writtern really properly and helpful. You are going to like just how the writer compose this publication.  
(Mr. Deangelo Considine)*

## WHAT EINSTEIN TOLD HIS COOK 2: THE SEQUEL: FURTHER ADVENTURES IN KITCHEN SCIENCE

W. W. Norton & Company. Hardcover. Book Condition: New. Hardcover. 384 pages. Dimensions: 9.3in. x 6.3in. x 1.5in. The scientist in the kitchen tells us more about what makes our foods tick. This sequel to the best-selling *What Einstein Told His Cook* continues Bob Wolke's investigations into the science behind our foods from the farm or factory to the market, and through the kitchen to the table. In response to ongoing questions from the readers of his nationally syndicated *Washington Post* column, *Food 101*, Wolke continues to debunk misconceptions with reliable, commonsense answers. He has also added a new feature for curious cooks and budding scientists, *Sidebar Science*, which details the chemical processes that underlie food and cooking. In the same plain language that made the first book a hit with both techies and foodies, Wolke combines the authority, clarity, and wit of a renowned research scientist, writer, and teacher. All those who cook, or for that matter go to the market and eat, will become wiser consumers, better cooks, and happier gastronomes for understanding their food. 20 illustrations This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.
