Paperback Pages Number: 198 Language: Chinese. 21st century vocational planning materials and Insurance Series: Insurance Practice has the following characteristics: 1. Theory enough, highlighting the practice of 21st century vocational planning materials and insurance Series: Insurance Practice accumulation of both practical training and knowledge in the process of preparing the principle, focusing on the decomposition and reconstruction of the teaching content in order to understand the risk and insurance as a starting point, a detailed explanation of the basic principles of insurance and operating practices, the last focuses on the knowledge of property insurance and life insurance business. Such a system framework and content arrangements fully demonstrated the textbook theory of sufficient prominence to the practice of teaching characteristics. Task-driven, capacity-based vocational education and training is a senior applied talents, this textbook in the process of preparing the students professional quality and professional competence of the culture attaches great importance to abandon the traditional textbook narrative taught mainly to write mode written textbooks to task-driven, human-centered project of the case guide, both for the teachers teaching, but also to...

Reviews

Most of these publication is the perfect ebook accessible. It is amongst the most awesome publication i have got read through. You wont truly feel monotony at whenever you want of the time (that's what catalogs are for regarding in the event you request me).

-- Prof. Edgar Kshlerin

It is easy in study safer to comprehend. It can be writter in basic phrases and never confusing. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Emmitt Harber
