This field hearing of the National Ocean Policy Study of the Commerce Committee is officially called to order. I want to thank everybody for coming out on a Saturday morning when you obviously have a lot of pressures on you and other things you could be doing, and some of you obviously could be fishing. So, I am very appreciative of your being here to take time to discuss the plight of the fishing industry. Let me tell you what I would like to do. We want to have a roundtable discussion. We do not want to have a lot of formal testimony with people talking on and on. We would like to have a short introductory comment by each of the participants, with as much time for discussion as possible. Then after a certain period of time with the participants here, I intend to open it up for some questions or thoughts from the public, and that way I think we will all learn a lot more, and you will feel that this has really been a sharing experience rather than just someone pontificating at you or talking past you....
